

The second class I will be teaching at the UMBS Fall Bead Retreat is my 'Belvedere Ornament'. This is a beadweaving ornament so no special tools are needed to make this ornament. Day of class not yet determined.

Kits are available and cost \$39.99. The kit includes the tutorial and all supplies to make one ornament.

The colorways are the color of the PaisleyDuo's, which are Copper Splash, Golden Green, and Crystal AB (with red seed beads). I will also have a surprise Blue colorway available too!

I have 5 kits available in each colorway.

If you would like to reserve a kit(s) please private message me or leave a comment to indicate which kit colorway you would like.

If you would like to purchase a printed pattern for \$12.00 and bring your own supplies, the supplies needed are:
