

# The Divergent Beaded Bead

©2022 by Lisa Krupp-Dooley

## Description:

According to the Oxford Languages, the definition of Divergent is “*Tending to be different or develop in different directions*”. That is exactly what this mighty beaded bead does. It can be used in many projects, a few of which are shown in the pictures above. The design possibilities are endless!

For the last of the three series beaded bead “Let’s Bead Live” class, we’ll be making ‘The Divergent Earrings’. Kits for the earring are available in my Etsy shop, <https://www.etsy.com/shop/Lisasbeaddesigns>. I’ll also share with you a couple of ways to customize the Divergent Beaded Beads.

**Project Level:** Advanced Beginner

**Date and Time:** Saturday, April 16<sup>th</sup> from 3:00p.m. – 4:00p.m. Central Time
